## Friends of Seedtime,

Turning  
this...

Into  
this...

Frantz wasn't getting much help from the host Pastor. He had caught the Pastor off guard that morning, unprepared despite being the point man for organizing our bible study at his church. The Pastor thought Frantz should delay the class so reminders could be sent out.

Frantz said he asked God to bring the people and shortly afterwards they came. There were 10 people the first day and 16 total before the class was completed. Only one showed up from the host church. And that one was not the Pastor. The 15 other students represented 5 more churches and included 4 Pastors.

Given the minimal effort by the host church to promote the class they had scheduled with us, Frantz was delighted with the turnout. He said they were a great class, participating well and just laughing as usual when asked if they wanted their class fee refunded. They were happy, and so was Frantz.

God's Word was offered, fumbled, recovered, and May 27, 28 and 29 by God's grace, we managed to score a victory in the "go make disciples" category.

It is what you give for, pray for and we work for at Seedtime.

**Thank you for remembering our discipleship efforts.**

**Blessings to you!**

### Unusual

Frantz had 6 churches in a group of 16 students with 4 being Pastors. NICE!

It is also unusual that all 4 Pastors who attended had already read the entire Bible. That is kind of rare. And NICE!

### Not so unusual

None of the other students had read the whole Bible. That is normal. So it was not unusual when Frantz said he gave out 42 Bible calendars to 16 people. We normally encourage them to read, and encourage them to find partners to read with.

Then, in class we give them a taste of what practical lessons they miss when they fail to read their Bible. SUPER NICE!
