Friends of Seedtime,

Just Two Weeks In The Better Resolution applied

Remember our last Ministry Update two weeks ago?

Frantz was sick, his family was sick and his community was sick. Folks were not ready to schedule any classes with Frantz. Not much was happening.

The second part of our update mentioned a Bible story that came right after Luke's "the birth of Jesus" story. John the Baptist was now on-scene promoting "contentment" as a suggested first order of business following repentance. We called it "The Better Resolution".

Contentment... right! That's a bit like praying for patience.

So here we are two weeks later looking at much the same ministry update. Frantz and his community are still moving slow. People promise to call to arrange class schedules ... but... nothing is happening. Bible studies here in Kansas have had much less attendance than hoped for. Thankfully, the Derby Senior Center has requested I begin a Bible study beginning February 7th.

Frantz loves being in class and like us, we expect he is not happy with any situation that distracts from classes getting done. We love reporting classes being scheduled and conducted. Because we know God's Word does magnificent things when it goes out.

But classes, a lot of classes, is not what God has allowed right now. So it is time we take our own advice. And we don't especially like it.

A mere two weeks in ... and our pursuit of contentment with what God provides .. is smashing into our desire to get more of God's Word out into our communities.

Can you relate?

----- **In added news** -----

Elections to replace Haiti's assassinated President Jovenel Moise have not been scheduled. (Possibly the second half of 2022.) A newly appointed Prime Minister is running the country. Gang control of the streets is still unchecked. And Frantz reports that the people of Haiti are suspicious of the covid vaccine and avoid even declaring that their sickness is covid. They rarely wear masks or take precautions preferring just to get on with life if they can, without interference. Right or wrong, it sounds like they are tired of the whole subject. Can you relate?

Isaiah 55:11

so is my word that goes out
from my mouth:
It will not return to me empty,
but will accomplish
what I desire
and achieve the purpose
for which I sent

It is Not entirely the same
when we speak compared to when
God speaks.

But,
we have noticed a potency
even when we share it.
