## Wonderful

### Patterns and details of the most recent Discipleship Bible classes.

Frantz was recently blessed to see two out of three churches complete their disciple Bible studies. And today we share details of these success stories. In no particular order...

In St Louis du Nord, April 4, 5, and 6, he saw 16 students begin and 19 finish the class. Likewise, in Passe Catabois, April 7,8, and 9th 6 students began and 9 finished. Yes, you see the pattern... no one likes Bible studies and they leave early the first day and don't come back. Oops, maybe that applies somewhere else. As for our 3 day Bible study, they came back and... some brought a friend. NICE PATTERN!!

In St Louis du Nord the 19 students took home 42 Bible reading Calendars to use and share with family and friends. In Passe Catabois the 9 students took home 38 Bible reading Calendars. When you have poured into a group for 3 days, showing them great Godly counsel, why not challenge them to keep reading! And choose a friend to read with and compare notes. These people who attend our classes are the right people to appoint as spiritual leaders in their community. This will surely bear fruit in days ahead.

Of the 28 total students between the two locations, Pastors totaled 4 of our students. 16 were teachers within their respective churches, 11 had jobs teaching in local schools and 1 was a Judge in Port-de-Paix. All 4 Pastors had read through the entire Bible. Now that last detail is rather rare. But boy are we happy to see it!

Lastly, student's comments Frantz transcribed and sent us.

Church of God Siloam in St Louis du Nord

- I'm applying this in my house and sharing it with others.
- I'm taking this to my singing group.
- No regrets, I learned a lot in these 3 days.
- I want to teach this and share it with my family.

Church of Jesus Christ in Passe Catabois

- I loved all the chapters. I learned a lot and I will try to teach it.
- I learned a lot and I'll encourage others to take this seminar.
- I'll apply this in my life and teach others also.
- You came just in time. I was about to make a big mistake and now I understand better.

Wonderful!! Thanks for helping Frantz and Seedtime get this report.

## A painful bump in the road

On the way back home after completing classes in Passe Catabois, Frantz was thrown off the motorcycle taxi he was riding. He is okay but has been home recovering to this day. A cargo truck with a drunk driver ran Frantz and his taxi driver off the road and into a ditch. He has seen a doctor and says he has no major injuries. He is taking meds but did not describe them plus he is sleeping a fair bit. He claims he is getting better but still needs time to heal.

He must have been pretty happy with his recent successes in St Louis du Nord and Passe Catabois. I say this because despite his pain he still managed to get us the details we shared with you on the front of the newsletter.

Although he is not moving too much he told me to begin the process of sending more books and supplies for future Bible studies. He is confident there will be more groups ahead this year.

Frantz did not take his wife, Elisiane along for the class in Passe Catabois because of the distance. She often serves as his admin assistant and photographer. Aren't we all glad she was not on the motorcycle taxi too! Elisiane is a nurse so Frantz gets pretty good care at home.

But you know the request....Prayer for the Healer to restore Frantz.

And thank you for those who help financially to see that Frantz gets his meds and his books.
