## Friends of Seedtime,

### They are tough to come by, but we love these days!

Two weeks ago we declared Promising days ahead for Haiti. Today we have good news. Frantz had 3 different churches scheduled for discipleship Bible studies. We requested prayers noting that while the schedule was relatively easy to get cancelations are all too frequent.

The first scheduled church did indeed get canceled at the last minute by the Senior Pastor for no apparent reason. The second location was challenged when 2 people were shot and 3 people kidnapped in the area just 3 days prior to the start of class. Frantz insisted on continuing and the class in St Louis du Nord has now completed their 3 day seminar.

Frantz is pictured outside of the church in St Louis and the class photo is on the right. Only 13 of the 18 students were able to stay for the class photo.

And as we stated before, if classes get started then we see good things happen.

Frantz said the students' comments were very familiar.... paraphrased, "We are hearing this information too late. We needed this long ago. "

They were a very satisfied group.  
Thank you for the prayer support.

Frantz is already teaching another group in a church about 1.5 hours from St Louis du Nord. As you are reading this update, we are calling Frantz for more details about this third group. Thank you for allowing us to be a part of these great days of discipleship!

Blessings to you.

Your financial support is appreciated

I have traveled many miles in Haiti with Frantz at my side. Then and now it seems he is able to be content with whatever is in front of him. It reminds me of ...

### Philippians 4:12

I know what it is to be in need, and I know what it is to have plenty. I have learned the secret of being content in any and every situation, whether well fed or hungry, whether living in plenty or in want.

Honestly, it makes me wonder how I am doing in this same category.
