Friends of Seedtime,

FORWARD... STEP BY STEP... IN FAITH

Gaelle, Frantz' 4 year old daughter is recovering nicely from her typhoid!! Thank you for those who helped her with prayer and/or financial assistance to buy the proper medicines.

Ministry supplies have now been successfully handed off from an American trucking company to the Haitian shipper in Florida. We are told to expect the supplies to arrive in Frantz' hands sometime in March.

PBNF Bible Seminar: Frantz has finally received a commitment from a Haitian church, Church of God of the New Alliance for February 17, 18 and 25th. The Pastor of the church has already promoted the seminar on live radio which is encouraging. He is less likely to cancel now that the promotion is out to the public.

Radio Bible teaching: Frantz continues to get invited on-air to teach, last Wednesday on Radio Manace and Friday on Bethanie FM!

"In Faith" as our title shows... What does it look like?

Do you realize that **Gaelle's medicine** comes from a Haitian "pharmacy" where oversight is rare and swapping drugs or providing previously used products is possible? Buyer beware for sure. Faith in God requires a solid prayer life to discern when to trust the local "experts".

Shipping ministry supplies has included offers to get things done faster and easier if we just pay a little bribe. No thanks, we'll just go slow and surely with faith in God to provide. Your prayers are appreciated so we may choose the right path even tomorrow.

Radio Bible teaching: You will be happy to know that the radio stations do not tell Frantz what to say. Frantz is free to teach as the Lord leads him. We trust Frantz a lot in his teaching. He is a genuine student of God intent on following. But still we ask you to pray for Frantz. May he present God's word rightly. Speaking the truth is oh so difficult and oh so valuable.

Thank you, Seedtime Friends, for standing with us in ministry.

Blessings to you!

Your financial support is appreciated

Frantz is expecting his 2nd child!

He and his wife have a 4 yr old and have been trying for a second child. Unsuccessful, they went to the doctor who prescribed medicine to treat his wife for cysts. Looking at the prescription, we noted that the medicine was also prescribed for abortions.

Yes, you read that right.

So Frantz declined the medicine and left it in God's hands.

His faith was in God and not man.

NICE!
